

ÅSLJUNGAGÅRDEN

HOTELL & KONFERENS

ACCOMMODATION

Åsljungagården has 35 comfortable rooms, all of which have shower, toilet, work area, phone and cable TV. The entire hotel is a non-smoking facility.

We can offer both paraplegic as well as allergy cleaned rooms. Many of the rooms that are not built for paraplegic purposes, also work well for people with some disability since the bathrooms have sliding doors without any thresholds or edges to step or roll over. A majority of the hotel is situated on the ground level with no elevation.

Åsljungagården has many pleasant gathering rooms to offer its guests. Rooms vary in size and looks, but they are all equally comfortable! Relax in the dining room in front of the beautiful fire place, maybe with some hot chocolate or a glass of wine - or just enjoy the beautiful surroundings!

Our goal is to offer a guest-friendly and inspiring environment which we accompany with lots of good food and beverages. Enjoy!
