

ÅSLJUNGAGÅRDEN

HOTELL & KONFERENS

FOOD & BEVERAGE

"Those who eat well, work well". *Danish proverb*

Great food and beverage is a very important ingredient to a successful conference, golf trip or hotel stay. That is why we at Åsljungagården have put in a great deal of effort to compose a menu of a very high standard. It is common to be served typical Swedish food for lunch and for dinner you might be served something based on the season (moose, wild boar, venison, reindeer or fish).

Lunch is served from a buffet and consists of a large salad buffet, Soup of the day (parts of the year), and a main course. Dinner consists of a three-course meal and is served at the table unless otherwise agreed upon. All of our bread, cakes and cookies are baked in our own bakery! We can also arrange a picnic basket if you wish to bring your coffee outside.

Our bar has a wide selection of beverages and something for every taste!

The variation of food is wide here at Åsljungagården but we never vary in quality!

We promise you a great food- and beverage experience during your stay here with us.

We are more than happy to help you arrange your wedding, birthday party or bachelor/bachelorette party. Read more about this under "*Weekend and Special occasions*".

Åsljungagården is a great alternative for business lunches or dinners or just a relaxing dinner amongst friends and/or family. Call for table reservations.

New services! (även in under News/Current information)

Åsljungagården now also offers its **catering** services. Small or large orders; wedding or funeral - we will help you with the arrangements. Contact us for menu/theme suggestions.

Other activities that we also arrange:
